Product Description

The TrioVing 5016 lock case is a high-quality, narrow-profile cylinder lock case designed specifically for use in marine environments and narrow door frames. As part of TrioVing's specialized marine range, this slim mortice lock case is ideal for boats, yachts, and other marine vessels where space is at a premium but reliable security is essential.

This lock case is available in multiple configurations to suit your specific door requirements. It features a choice of backsets, including 25mm and 35mm options, and is available in both Left Hand and Right Hand handing. Please select your preferred backset and handing from the options below to ensure a perfect fit for your installation.

With a compact lockcase height of 165mm and a width of 19mm, the TrioVing 5016 offers smooth, dependable operation while maintaining a low-profile footprint.

Technical Specifications

- **Brand:** TrioVing
- **Lockcase Height:** 165mm
- **Lockcase Width:** 19mm
- **Backset Options:** 25mm or 35mm (please choose from the options below)

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
