Specification Summary

Brand	TrioVing
Product type	TrioVing Shop

Product Description

The TrioVing 5116 stainless steel lock case is a high-quality mortise lock case designed primarily for premium Scandinavian doors and marine applications. Manufactured from durable, corrosion-resistant stainless steel, it is built to withstand harsh marine environments and high-traffic use.

This lock case is available in both left-hand (LH) and right-hand (RH) configurations. Please choose your required handing from the options below to ensure a correct fit for your door.

The 5116 shares the same physical dimensions as the discontinued TrioVing 5119 lock case, making it an ideal retro-fit replacement. Please note that while it serves as a direct dimensional replacement, the 5116 is not FG rated.

Technical Specifications

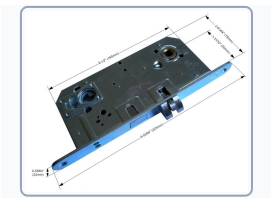

- **Brand:** TrioVing
- **Model:** 5116 /8
- **Backset:** 50mm
- **Lockcase Height:** 165mm
- **Lockcase Length:** 75mm
- **Finish:** Stainless Steel

- **Weight:** 600g
- **Handing:** Left Hand (LH) or Right Hand (RH) available

Key Features

- **Marine Grade Construction:** Made from durable stainless steel, making it ideal for marine vessels and coastal environments.
- **Retro-fit Compatibility:** Shares the same dimensions as the obsolete TrioVing 5119 lock case for a straightforward replacement.
- **Scandinavian Standard:** Designed specifically for high-quality Scandinavian doors.
- **Handing Options:** Available in both left-hand and right-hand versions to suit your door's opening direction.

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
