Specification Summary

Brand	TrioVing
Product type	TrioVing Shop

Product Description

The TrioVing 53 Series Red Adapter is a genuine replacement component designed to convert TrioVing 53 series lock cases - such as the 5316/8 bathroom lock - to accept a standard 5mm square spindle.

This adapter fits directly into the lock case's cylinder hub, enabling it to be operated by a WC indicator or bathroom thumbturn, including the TrioVing 7718 long escutcheon or 7562 indicator rose. It is an essential spare part for marine, commercial, and residential applications where TrioVing hardware is installed, ensuring smooth and reliable operation of bathroom privacy functions.

Technical Specifications

- **Manufacturer:** TrioVing
- **Compatibility:** TrioVing 53 Series lock cases (specifically 5316/8)
- **Spindle Size Support:** Converts hub to accept a 5mm square spindle
- **Associated Hardware:** Suitable for use with TrioVing 7718 and 7562 bathroom indicators
- **Colour:** Red

Key Features

- **Genuine TrioVing Part:** Ensures perfect compatibility, seamless fit, and reliable operation.

- **Easy Conversion:** Simplifies the setup of bathroom and toilet doors by adapting the cylinder hub to standard 5mm indicator spindles.
- **Durable Construction:** Built to meet the demanding standards of marine and high-traffic environments.
- **Cost-Effective Maintenance:** Allows you to adapt or repair existing lock cases without needing to replace the entire unit.

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
