Specification Summary

Brand	TrioVing
Product type	TrioVing Shop

Product Description

The TrioVing 5341/8 is a premium marine-grade stainless steel deadbolt lock case, engineered specifically for demanding environments. It is widely used for marine applications on ships, offshore vessels, and within the oil industry due to its exceptional resistance to harsh, corrosive conditions.

This lock case features a deadbolt operated by a key or thumb turn (both supplied separately). It is designed for seamless compatibility with TrioVing 5520 cylinders and TrioVing 5541 thumb turns.

Please note that these lock cases are handed. Before purchasing, please check your door's opening direction against the handing diagram to ensure you select the correct left-hand or right-hand configuration.

TrioVing items are custom ordered with a typical delivery time of approximately 7 days. If you require urgent dispatch, please contact us to check current availability.

Technical Specifications

- **Manufacturer:** TrioVing
- **Model:** 5341/8
- **Material:** Stainless steel

- **Finish:** Stainless steel
- **Spindle / Handle Hub:** 8mm (5/16")
- **Operation:** Deadbolt operated by key or thumb turn (sold separately)
- **Compatibility:** TrioVing 5520 cylinders and TrioVing 5541 thumb turns
- **Handing:** Handed (Left Hand or Right Hand)

Key Features

- **Marine-Grade Durability:** High-quality stainless steel construction, ideal for ships, marine environments, and the oil industry.
- **Corrosion Resistant:** Engineered to withstand harsh, salty, and corrosive environments.
- **Flexible Operation:** Deadbolt can be operated via a key or thumb turn depending on your setup.
- **Handed Options:** Available in left or right-hand configurations to match your door's opening direction.

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
