Product Description

The TrioVing 5382/8 Lock Set with Round Rose is a comprehensive, heavy-duty lockset solution designed primarily for sliding doors, including patio doors and marine or boat sliding doors. This complete kit provides everything required to secure and operate your sliding door, featuring high-quality components engineered for durability and reliable performance.

This full lockset is supplied with a robust 5382 sliding door lock case, stylish 7363 satin steel lever handles, a 5520 external cylinder (complete with three keys), and a 5541 internal thumb turn for convenient locking from the inside. It also includes a pair of handle roses with fixings and a pair of round rose escutcheons.

The round rose escutcheons are available in multiple thicknesses, including 6mm, 12mm, and 18mm. Please select your required rose thickness from the options below when ordering. An optional 5935 strike plate and 7509 roses are also available separately if required.

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
