Product Description

The TrioVing 5511C/78/SC is a premium Euro profile double cylinder designed for lock cases requiring a continental-style cylinder, such as DIN standard locks. Manufactured by TrioVing, a trusted brand under the ASSA ABLOY group, this cylinder delivers robust security and smooth mechanical operation, making it highly suitable for marine, commercial, and residential applications.

This cylinder has an overall length of 78mm with an equal 39/39 split, offering a balanced fit for compatible doors. It features a high-quality Satin Chrome finish that provides a clean, modern aesthetic alongside excellent resistance to wear.

The cylinder is supplied with three keys as standard. For custom security installations, Keyed Alike and Master Keying options are available. Please email us for pricing and lead times regarding these bespoke keying options.

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
