Specification Summary

Brand	TrioVing
Product type	TrioVing Shop
Keyway	TrioVing

Product Description

The TrioVing 5537 is a high-quality external Scandinavian oval cylinder, typically operated in pairs with an internal cylinder or thumb turn. It is designed to pair seamlessly with the TrioVing 5542 thumb turn on the inside of the door, providing a secure and reliable locking solution.

This cylinder is compatible with a wide range of lock cases, including those from Boda, Abloy, Assa, and Ruko, making it highly versatile for both marine and commercial security installations. Built with a robust 6-pin mechanism, it ensures smooth operation and dependable security.

To accommodate different door thicknesses and design preferences, this cylinder is available in multiple tail lengths and finishes. Please select your preferred finish and tail version from the options below.

Technical Specifications

- **Cylinder Type:** Scandinavian Oval (External)
- **Profile:** Standard 6-pin
- **Dimensions:** 32mm (L) x 20mm (W) x 35mm (H)
- **Finishes Available:** Satin Brass, Satin Chrome, and Polished Chrome (please choose from the options below)
- **Tail Options:** Short Tail and Extended Tail (please choose from the options below)

- **Compatibility:** Suitable for Boda, Abloy, Assa, and Ruko lock cases
- **Fixing:** Secured to the lock case via adjoining screws

Key Features

- **Pair Operation:** Designed as the external lock component, commonly paired with the 5542 internal thumb turn
- **Versatile Compatibility:** Works with a variety of major lock cases, including Abloy, Assa, Boda, and Ruko
- **Multiple Options:** Available in a choice of finishes and tail lengths to suit your specific door requirements
- **Reliable Security:** Features a standard 6-pin mechanism for smooth key entry and enhanced physical security
- **Durable Construction:** High-quality TrioVing manufacture, ideal for demanding marine and commercial applications

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
