Specification Summary

Brand	TrioVing
Product type	TrioVing Shop

Product Description

The TrioVing 5537 Scandinavian Oval Cylinders are supplied as a pair, consisting of one internal and one external cylinder. Designed to work as two independent locks, they operate the lock case housed inside the door to provide secure access from both sides.

These high-quality cylinders are compatible with Scandinavian lock cases and are ideal for both residential and commercial applications. They are available in a choice of finishes, including brass, satin chrome, and polished chrome - please select your preferred finish from the options below.

Each pair is supplied with 3 keys as standard. For properties with multiple doors, we can also supply multiple sets of the 5537 keyed alike, allowing you to operate all of your doors using a single set of keys.

Technical Specifications

- **Cylinder Type:** Scandinavian Oval Cylinder (Pair - 1x Internal, 1x External)
- **Pin Count:** 6 pins (standard profile)
- **Dimensions:** 32mm (Length) x 20mm (Width) x 35mm (Height)
- **Finishes Available:** Brass, Satin Chrome, Polished Chrome (choose from options below)
- **Keys Supplied:** 3 keys

- **Compatibility:** Designed for Scandinavian lock cases (such as TrioVing, Assa, Abloy, Boda, and Ruko)

Key Features

- **Dual Cylinder Security:** Works as two independent cylinders to reliably operate the internal lock case from both sides of the door.
- **Keyed Alike Capability:** Multiple sets can be keyed alike to allow a single key to open multiple doors across your property.
- **Choice of Finishes:** Available in brass, satin chrome, and polished chrome to seamlessly match existing door furniture.
- **Genuine TrioVing Quality:** Precision-engineered Scandinavian design offering durable, long-lasting performance.

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
