Brand	TrioVing
Product type	TrioVing Shop

Product Description

The TrioVing 7363 Door Handles are high-quality, durable handles designed specifically to work with TrioVing 51 and 53 series lock cases. Renowned for their robust construction and resilience, these handles are widely used in marine applications and other demanding environments where reliable, long-lasting performance is essential.

Each set is supplied with a spindle, a 9mm converter sleeve, and all necessary fixings for a straightforward installation. For those requiring a complete door hardware solution, a full door set is also available, which includes these 7363 handles, a 5520 cylinder lock, a 5541 thumb turn, and 8660 faceplates.

Technical Specifications

- **Compatibility:** Designed for use with TrioVing 51 and 53 series lock cases
- **Spindle:** Supplied with spindle and 9mm converter sleeve
- **Fixings:** Included
- **Application:** Suitable for marine and heavy-duty doors

Key Features

- **Marine-Grade Durability:** Ideal for marine environments and harsh conditions
- **Complete Set Option:** Also available as a full door set including cylinder lock, thumb turn, and faceplates
- **Easy Installation:** Supplied with all necessary fixings, spindle, and converter sleeve for a hassle-free setup
- **Robust Construction:** Engineered for reliable operation and heavy use

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
