Product type	TrioVing Shop

Product Description

The TrioVing 7715, 7714, and 7718 long plate escutcheons are premium-grade door plates designed specifically for use with TrioVing 53 series lock cases. Engineered to provide a clean, professional finish, these escutcheons are suitable for doors with a thickness of 34mm to 70mm.

These escutcheons are available in three distinct configurations to suit your door's specific function:

- **7715 (Sash Lock):** Suitable for doors requiring both a handle and a cylinder.
- **7714 (Latch):** Designed for latch-only doors requiring just a handle.
- **7718 (Toilet Indicator):** Features an integrated WC privacy indicator, ideal for bathrooms and toilets.

Please select your required model from the options below to ensure compatibility with your existing lock setup.

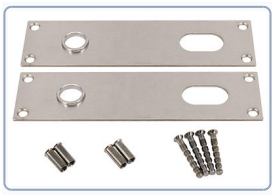

Technical Specifications

- **Manufacturer:** TrioVing

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
