Product Description

The TrioVing 8615 Vrider is a high-quality pair of Scandinavian-style door handles designed to offer reliable operation and a clean, modern aesthetic. Manufactured by TrioVing, these handles are built to meet demanding standards of durability and performance.

Featuring a sleek satin chrome finish, they provide a contemporary look that complements a wide range of modern residential and commercial doors. The set is supplied as a pair, containing two handles to cover both sides of a single door.

Please note that this handle set **does not include roses**. Matching roses or escutcheons must be purchased separately to complete your installation.

Technical Specifications

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
