Product Description

The TrioVing 8664 Privacy Turn Toilet Escutcheon Set is a premium-grade bathroom privacy solution crafted from high-quality stainless steel. Designed to deliver long-lasting durability and a clean, modern aesthetic, this escutcheon set is ideal for both domestic installations and demanding marine or commercial environments.

Engineered for seamless compatibility, the 8664 set is designed to work specifically with TrioVing 51 and 53 series lock cases. To achieve a fully matching, professional finish on your door, it pairs perfectly with the TrioVing 7363 lever handles in satin chrome. Whether you are replacing existing hardware or installing a new privacy system, this escutcheon set offers the reliable operation and sleek appearance expected from TrioVing's trusted range.

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
