Specification Summary

Brand	TrioVing
Product type	TrioVing Shop

Product Description

The TrioVing 5968 Oval Escutcheons are designed to provide a clean, professional finish for doors fitted with Scandinavian oval cylinders. These high-quality escutcheons are available as both internal and external parts, allowing you to achieve a cohesive look on both sides of your door.

To accommodate different cylinder projections and door configurations, these escutcheons are available in three projection sizes: 6mm, 12mm, and 18mm. They are also offered in two durable and stylish finishes: satin steel and polished chrome.

Please select your required position (internal or external), projection size, and finish from the options below to find the perfect fit for your installation.

Technical Specifications

- **Brand:** TrioVing
- **Model:** 5968
- **Type:** Oval cylinder escutcheon
- **Position Options:** Internal (INT) or External (EXT)
- **Projection Sizes:** 6mm, 12mm, or 18mm
- **Finishes:** Satin Steel or Polished Chrome

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
