Specification Summary

Brand	TrioVing
Product type	TrioVing Shop

Product Description

The TrioVing 5652 Polished Chrome Padlock is a high-quality, durable security solution designed to withstand demanding environments. Featuring a robust polished chrome-plated brass body and a corrosion-resistant stainless steel shackle, this padlock offers excellent resistance to both physical attack and harsh weather conditions.

To suit a wide range of security applications, this padlock is available with multiple shackle length options, including 25mm, 50mm, and 100mm. Please select your required shackle length from the options below.

Each padlock is supplied with three keys as standard. For larger security installations or commercial projects, a master-keyed option is also available. Please contact our team for further information, pricing, and lead times.

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
