Specification Summary

Brand	Union
Product type	Non Deadlocking

Product Description

The UNION 1022 Non-Deadlocking Nightlatch is a classic, traditional rim nightlatch designed for timber doors between 35mm and 60mm thick. With its elegant, ornate styling, it is the perfect choice for residential front doors, particularly on Victorian or Georgian-style properties.

This nightlatch is operated by a key from the outside and a convenient turn knob from the inside. It features a practical snib function, allowing you to either hold the latch bolt in its retracted position to prevent the door from locking behind you, or hold it in the locked position.

This nightlatch is available in multiple configurations to suit your specific installation requirements. You can choose from different case finishes, manufacturer references, weights, and barcodes. Please select your preferred options from the choices below.

Technical Specifications

- **Backset:** 60mm
- **Bolt Throw:** 14.5mm
- **Case Length:** 93mm
- **Mechanism:** 5 Pin
- **Keys Supplied:** 2 keys

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
