Specification Summary

Brand	Union
Product type	Auto Deadlocking

Product Description

The UNION 1037 & 1038 Auto Deadlocking Nightlatches are high-quality, UK-manufactured rim locks designed to provide reliable standard security for inward-opening timber doors. Ideal for both residential and commercial applications, these nightlatches feature an automatic deadlocking mechanism that engages as soon as the door is closed, preventing the latch from being slipped or forced open.

For added security, the internal lever handle can be deadlocked from the outside with a full revolution of the key. The integrated anti-thrust snib protects against end-pressure attacks, while a handy holdback function allows the latch to be temporarily held in the withdrawn position.

The UNION 1037 is designed with a 40mm narrow backset, while the UNION 1038 features a standard 60mm backset. This particular model (L1038) is supplied as a lock case only in a clean white finish, making it an ideal replacement or upgrade for existing setups.

Technical Specifications

- **Brand:** UNION
- **Part Number:** L7022
- **Manufacturer Reference:** L1038
- **Backset:** 60mm
- **Bolt Throw:** 14.5mm
- **Case Width:** 92.5mm
- **Case Finish:** White
- **Keys Supplied:** 0 (Case only)
- **Weight:** 730g
- **Pack Quantity:** 1
- **Packaging:** Boxed
- **Guarantee:** 10 Years

Key Features

- **Automatic Deadlocking:** The latch automatically deadlocks when the door is closed, preventing it from being slipped or shimmied open.
- **Anti-Thrust Snib:** Protects the bolt against end-pressure attacks.
- **Key-Deadlockable Handle:** A full key revolution from the outside deadlocks the internal handle for enhanced security.
- **Holdback Function:** Snib feature allows the bolt to be held in the withdrawn position.
- **UK Manufactured:** Proudly made in the UK and backed by a 10-year manufacturer's guarantee.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
