Product Description

The UNION 1139 3 Lever Rim Deadlock is a robust, surface-mounted locking solution designed for timber doors up to 50mm thick. Manufactured in the UK, this high-quality rim deadlock features a classic black case and a solid deadbolt, making it an ideal choice for traditional properties, internal doors, or sheds. It operates via a secure 3-lever mechanism and is supplied with two keys.

Please note that this lock is handed and not reversible, so it is essential to select the correct hand for your door. It is available in multiple backset sizes (51mm or 76mm), case depths (104mm or 155mm), and handings (Left Hand or Right Hand). Please choose your required specifications from the options below to ensure a perfect fit.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
