Specification Summary

Brand	Union
Product type	3 Lever

Product Description

The UNION 1439 3 Lever Rim Lock is a traditional surface-mounted sashlock designed for inward-opening timber doors up to 50mm thick. It is also suitable for steel and composite doors when used with special fixings.

This robust rim lock features a steel case with a durable black finish. The deadbolt is operated by a key from either side, while the latch bolt is withdrawn by a knob from either side.

Please note that this is a handed product and is not reversible. It is available in both Left Hand and Right Hand configurations; please select your required handing from the options below. Each lock is supplied complete with two steel nickel-plated keys and is backed by a 5-year manufacturer's guarantee.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
