Product Description

The UNION 1445 3 Lever Double Handed Rimlock is a robust, UK-manufactured surface-mounted lock designed for inward-opening timber doors up to 50mm thick. Featuring a double-handed design, this rim lock is suitable for doors hinged on either the left or the right, making it a highly versatile choice for residential properties and outbuildings.

The lock is operated with a brass deadbolt that can be locked or unlocked by key from either side, while the reversible brass latch bolt is withdrawn by a knob from either side. Finished in a classic black enamel, it offers a traditional aesthetic combined with reliable security.

This lock is supplied with two nickel-plated steel keys and is backed by a 5-year manufacturer's guarantee.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
