Product Description

The UNION 1465 3 Lever Double Handed Rimlock is a classic, UK-manufactured surface-mounted lock ideal for timber doors opening inwards. Featuring a traditional black finish, this robust rim lock provides reliable low-security locking, making it a popular choice for domestic properties, particularly period or Victorian-style homes.

Please note that this lock is not reversible. It is available in both Left Hand and Right Hand configurations to suit your door's opening direction. Please select your required handing option from the choices below when ordering.

Each lock is supplied with two keys and is backed by a 5-year manufacturer's guarantee, ensuring long-lasting performance and peace of mind.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
