## Product Description

The UNION 2077 Horizontal 3 Lever Sashlock is a premium, traditional mortice lock designed for timber doors up to 54mm thick. Its horizontal configuration places the door handle or knob further back from the door frame, making it the ideal choice for use with traditional knob furniture to prevent finger-trapping.

This versatile lock features a reversible latch bolt, allowing it to be easily configured for both left and right-handed doors. The two-way follower action ensures smooth operation with either knobs or sprung lever handles, while the lock case is pierced to accept bolt-through door furniture. For added convenience, the UNION 2077 can be keyed alike with other popular UNION models, including the 2157, 2177, 2277, and 2477.

We offer this sashlock in multiple configurations to suit your installation. Please choose from the options below to select your preferred backset, case depth, finish, and keying option.

## Brand Profile

Union

**UNION** is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

**What UNION is known for:**

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
