Brand	Union
Product type	5 Lever

Product Description

The UNION 2201 5 Lever Sashlock is a highly reliable, medium-security mortice lock designed for timber doors where British Standard (BS 3621) insurance compliance is not required. It is ideal for internal doors or low-risk external doors up to 54mm thick, offering a robust locking mechanism operated by key from either side, alongside a latch bolt operated by lever handles.

This versatile sashlock features a reversible latch bolt, making it easily adaptable for both left and right-hand hung doors. For added security, it is supplied with a security box striking plate. It is also fire-tested to EN1634-1, making it fully certified for use on 60-minute timber fire doors (FD60).

To suit your specific installation needs, please select your preferred backset (44mm or 57mm, with corresponding 64mm or 75mm case depths), finish (Satin Chrome or Polished Lacquered Brass), and keying option (Keyed to Differ or Keyed Alike) from the options below.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
