Product type	Nightlatches

Product Description

The UNION 2332 Oval Mortice Nightlatch is a highly reliable, UK-manufactured lock designed for timber doors hinged on either the left or right. It features a reversible latchbolt that is withdrawn by a key from the outside and a thumbturn from the inside. A convenient snib on the forend allows the latchbolt to be held back in the withdrawn position, making it ideal for common entrance doors or high-traffic areas.

This versatile nightlatch is available in multiple configurations to suit your specific installation needs. You can choose between a complete lockset (supplied with a 2x1 half oval cylinder, thumbturn, and three keys) or a "case-only" option if you are replacing an existing lock and already have a cylinder.

Additionally, it is offered in two backset sizes (47mm with a 64mm case depth, or 60mm with a 76mm case depth) and two high-quality finishes: Polished Lacquered Brass or Satin Chrome. Please select your preferred backset, finish, and configuration options from the choices below.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
