Product Description

The UNION 2642 Mortice Latch is a high-quality, large case latch designed for internal timber doors. It features a robust two-way action, making it suitable for use with lightweight door knobs or sprung lever handles. Please note that this latch is not suitable for use with unsprung door furniture.

Engineered for safety and durability, the UNION 2642 is EN 1634-1 assessed for use on 60-minute timber fire doors, providing peace of mind in both residential and commercial settings. It is backed by a 5-year manufacturer's guarantee, reflecting Union's commitment to long-lasting reliability.

This mortice latch is available in a variety of sizes and finishes to suit your door's requirements. You can choose from backsets of 44mm, 57mm, or 82mm, with corresponding case depths of 64mm, 75mm, or 102mm. It is also available in either a Polished Brass or Chrome Plated finish to match your existing door hardware. Please select your preferred backset, case depth, and finish from the options below.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
