Product Description

The UNION 2954 Rebate Kit is specifically designed to allow UNION 2134 and 2134E mortice deadlocks to be fitted securely onto rebated double doors or French doors. By bridging the gap between meeting stiles, this rebate set ensures that your deadlock functions correctly and maintains its security integrity on rebated timber doors.

This high-quality accessory is easy to install and provides a neat, professional finish. It is available in multiple finishes, including Polished Lacquered Brass and Satin Chrome, with weights ranging from 130g to 160g depending on your selection. Please choose your preferred finish and specifications from the options below to match your existing door hardware.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
