Product Description

The Union 2979 Rebate Kit is a specialised accessory designed to allow a mortice sashlock to be fitted to a pair of rebated double doors or French doors. When doors feature a rebated meeting stile where the two leaves overlap, a standard flat strike plate cannot be used. This rebate set bridges that gap, ensuring a secure, flush, and professional installation.

This rebate set is specifically compatible with Union 2226, 2237, 2277, L2241, and L2249 sashlocks.

To suit your specific door requirements and hardware styling, this kit is available in multiple depths, weights, and finishes. Please choose your preferred depth, finish, weight, and barcode from the options below.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
