Specification Summary

Brand	Union
Product type	Accessory

Product Description

The UNION 2989 Rebate Kit is designed to adapt the UNION 2201 and Yale PM550 sashlocks for use on rebated double doors or French doors. When installing a standard mortice lock on a pair of overlapping timber doors, a rebate kit is essential to bridge the gap and ensure the lock and latch align correctly within the rebated meeting stiles.

This high-quality rebate set converts a standard flat-forend lock into a fully rebated configuration, maintaining the security and operational integrity of your locking system. It is suitable for doors with a minimum thickness of 44mm and provides a standard 13mm (1/2") rebate depth.

This product is available in multiple finishes, including Polished Lacquered Brass and Satin Chrome, with corresponding barcode options. Please select your preferred finish and barcode from the options below.

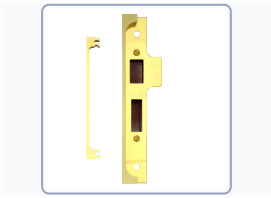

Technical Specifications

- **Brand:** Union
- **Manufacturer Reference:** 2989
- **Rebate Size / Depth:** 13mm (1/2")
- **Minimum Door Thickness:** 44mm
- **Weight:** 190g
- **Finishes Available:** Polished Lacquered Brass, Satin Chrome (please select from the options below)
- **Compatibility:** Suitable for UNION 2201 and Yale PM550 sashlocks

Key Features

- **Rebated Door Solution:** Designed specifically for use on rebated double doors and French doors where meeting stiles overlap.
- **Seamless Conversion:** Easily converts a flat-forend mortice lock into a rebated lock.
- **Multiple Finishes:** Choose from Polished Lacquered Brass or Satin Chrome to coordinate with your door furniture.
- **Reliable Alignment:** Ensures precise alignment of the lock mechanism to prevent binding and maintain security.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
