Specification Summary

Brand	Union
Product type	Screw In

Product Description

The UNION 2X11 Screw-In Cylinder is a traditional 5-pin cylinder designed specifically for use with metal door locks. Highly versatile and reliable, it is fully compatible with Adams Rite and most other standard mortice-type metal door locks, making it an ideal choice for securing commercial and retail premises.

Featuring a robust 20mm thread, this cylinder offers a secure fit and dependable performance. To suit your specific installation requirements, it is available in a variety of configurations. You can choose between a single cylinder or a keyed-alike pair, with options for Satin Chrome or Polished Lacquered Brass finishes. Depending on your selection, cylinders are supplied with either 2 or 4 keys. Please select your preferred finish, pack quantity, and keying options from the choices below.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
