Product Description

The UNION 2X19 Euro Key & Turn Cylinder is a traditional 5-pin cylinder designed to provide reliable everyday security. Ideal for both domestic and commercial applications, this Euro profile cylinder features key operation on the external side and a convenient thumbturn on the internal side, allowing for easy locking and unlocking from the inside without a key.

This versatile cylinder is available in a wide selection of sizes, finishes, and keying options to suit your specific installation requirements. Choose from overall lengths ranging from 65mm to 83mm, with symmetrical sizes available to match your door thickness. It is offered in two classic finishes - Satin Chrome and Polished Lacquered Brass - to seamlessly complement your existing door hardware.

To meet your security and access control needs, the UNION 2X19 can be ordered Keyed to Differ (individually keyed), Keyed Alike (ideal for multiple doors using the same key), or Master Keyed for complex suite requirements. Please select your preferred size, finish, and keying configuration from the options below.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
