Product Description

The UNION 2X20 series is a traditional 5-pin Euro half cylinder designed for reliable everyday security in Euro profile lock cases. Ideal for applications where key access is only required from one side of the door - such as garages, cupboards, and perimeter gates - this cylinder offers a dependable and cost-effective locking solution.

This versatile range is available in multiple overall lengths, including 40mm, 45mm, and 49mm, with various offset dimensions (such as 30/10, 35/10, and 41/8) to suit your specific door thickness. You can also choose between a classic Polished Lacquered Brass or a modern Satin Chrome finish to match your existing door hardware.

Additionally, these cylinders can be supplied Keyed To Differ (where each lock has its own unique keys) or Keyed Alike (where multiple locks operate using the same key). Please select your preferred size, finish, and keying option from the options below. Each cylinder is supplied with three keys as standard.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
