Specification Summary

Brand	Union
Product type	Half Oval

Product Description

The Union 2x8 5-pin oval half cylinder is designed with the plug located at the bottom of the cylinder, making it the ideal partner for the Union 2332 oval profile nightlatch family. This high-quality cylinder is engineered for use with UK oval profile lock cases, providing reliable security and smooth operation.

To suit your specific aesthetic and security needs, this cylinder is available in a choice of finishes - including Polished Brass, Polished Lacquered Brass, and Satin Chrome - and can be supplied as Keyed Alike or Keyed To Differ. Please select your preferred finish, keying option, and weight from the options below.

Each cylinder is supplied with three robust nickel-plated steel keys and is backed by a 5-year manufacturer's guarantee for peace of mind. Additionally, it has been assessed to EN 1634-1:2000 for use on 60-minute timber fire doors, making it a dependable choice for both residential and commercial applications.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
