Specification Summary

Brand	Union
Product type	Lever Furniture

Product Description

The UNION 366 Ambassador Plate Mounted Lever Furniture (formerly known as the Wellington range) is a durable, high-quality aluminium door handle solution designed for reliability and versatility. Suitable for use with the majority of lever mortice locks, this robust lever furniture is tested to 200,000 cycles, ensuring long-lasting performance in busy environments.

These handles feature a sprung mechanism to prevent sagging and a split spindle for enhanced function flexibility. The Euro profile variant is specifically designed for use with Union JL224403/4/5/6 Escape locks and features a backplate with 48mm centres.

This versatile range is available in multiple configurations to suit different door setups. Depending on your requirements, you can select from various mechanisms, plate lengths, plate widths, and weights. Please choose your preferred options from the selection below to find the perfect fit for your door.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
