Specification Summary

Brand	Union
Product type	6 Lever

Product Description

The UNION 4K-3WH 6 Lever Escape Deadlock, historically known as the Wellington Fort 4K, is a high-quality mortice lock designed specifically for timber doors. It is an ideal security solution for residential properties and sheltered accommodation where safe, swift egress is required.

This escape deadlock features key operation from the outside and a separate turn snib from the inside, ensuring that occupants can always exit quickly in an emergency without needing a key. It is supplied complete with a turn snib and escutcheon. Please note that this lock is handed and not reversible. It is available in both Left Hand and Right Hand configurations, with different barcodes for each option. Please select your required handing from the options below when ordering.

Manufactured in the UK, the lock features a robust silver-finished case, a durable aluminium deadbolt, and a stainless steel forend finish. It comes supplied with three keys and is backed by a 5-year manufacturer's guarantee for peace of mind.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
