Specification Summary

Brand	Union
Product type	Lever Furniture

Product Description

The UNION 644 Teal Plate Mounted Lever Furniture is a high-quality, durable door handle solution designed for use with the majority of UK size mortice locks and Silver Series lockcases. Manufactured from robust aluminium, these stylish lever handles are built to withstand heavy use, having been rigorously tested to 200,000 cycles.

This versatile range is available in multiple configurations to suit your specific installation needs. Depending on your requirements, you can choose from Latch Only or Bathroom mechanisms, with plate lengths ranging from 117.5mm to 178mm. Handing options include Left Hand, Right Hand, or Non-Handed versions, with weights ranging from 280g to 320g. Packaging options include bagged or boxed formats depending on the selected model. Please select your preferred mechanism, handing, plate length, and manufacturer reference from the options below.

Each set features sprung levers for a smooth, reliable return action and is supplied complete with wood screws and bolt-through fixings for a secure fit.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
