Specification Summary

Brand	Union C-Series
Product type	Cylinder - Euro Lock Case

Product Description

The UNION C-Series 3C10 Euro Deadcase (formerly known as Chubb) is a heavy-duty Euro profile cylinder mortice deadlock case. Designed for robust security, this lock case features an extra-long deadbolt and is suitable for timber doors over 40mm thick. It is fully compliant with EN 1634-1 for use on 60-minute timber fire doors, making it an excellent choice for both commercial and residential applications.

Please note that this is the lock case only; Euro profile cylinders are sold separately. Within the case, two independently operated levers control the deadlocking of the bolt, frustrating manipulation attempts to bypass the cylinder. It also comes with an extended box strike for additional strength and security.

This deadlock case is available in multiple finishes and configurations. You can choose between Polished Brass and Satin Chrome finishes (with matching forend and case finishes), as well as a bolt throw of either 14mm or 20mm. Please select your preferred finish and bolt throw options from the choices below.

Technical Specifications

- **Brand:** UNION C-Series (formerly Chubb)
- **Manufacturer Reference:** 3C10
- **Mechanism:** Euro Cylinder (case only, cylinder sold separately)
- **Backset:** 44mm
