Brand	Union
Product type	Door Pack

Product Description

The UNION Deadlock Fire Door Kit (J-FDK-DEADLOCK) is a comprehensive, all-in-one hardware solution designed to simplify the installation of compliant timber fire doors. Ideal for doors that remain locked most of the time - such as cleaner's cupboards, maintenance hatches, and service risers - this kit provides everything you need in a single box, saving you time and ensuring full compliance.

Each component in this kit is selected for its high performance and durability. The pack includes three Grade 13 ball bearing hinges, a CE3F size 3 door closer, an HD72 DIN-style deadlock with a 60mm backset, and a 6-pin Euro profile cylinder. To ensure robust fire protection, the kit features dedicated intumescent wraps that expand under heat to seal gaps and prevent the spread of fire. Finished in high-quality satin stainless steel, the hardware offers a clean, professional look suitable for commercial and public buildings.

Kit Includes:

- 3 x C433 Grade 13 ball bearing hinges (with screws)
- 3 x Intumescent hinge kits
- 1 x CE3F door closer
- 1 x HD72 DIN deadlock & intumescent kit
- 1 x U6PED 35-35 Euro key-key cylinder

- 2 x 1000 Series cylinder escutcheons
- 2 x "Fire Door Keep Locked" signs

Technical Specifications

- **Manufacturer Reference:** J-FDK-DEADLOCK (L30314)
- **Fire Rating:** FD30 and FD60 (1/2 hour to 1 hour) for timber fire doors
- **Door Closer Strength:** Size 3 (suitable for doors up to 60kg and 950mm wide)
- **Hinge Rating:** Grade 13 ball bearing hinges (suitable for doors up to 120kg)
- **Lockcase:** HD72 DIN-style deadlock with 60mm backset and 20mm single throw deadbolt
- **Cylinder:** U6PED 35-35 (70mm) 6-pin Euro profile key-to-key cylinder
- **Standards & Certifications:** CE Marked, Certifire Approved, EN 1154 (closer), EN 12209 (lockcase), EN 1935 (hinges), EN 1303 (cylinder)
- **Material & Finish:** Satin stainless steel hinges, escutcheons, and signage; silver painted closer body; satin nickel plated cylinder
- **Weight:** 4.4kg

Key Features

- **All-in-One Convenience:** Contains all necessary fire-rated hardware, fixings, and signage in a single box to save time and selection effort.
- **Ideal for Locked Doors:** Specifically designed for doors that remain locked, such as utility cupboards, plant rooms, and riser doors.
- **Intumescent Protection:** Includes dedicated intumescent kits for the hinges and deadlock that expand when heated to help prevent the spread of fire.
- **High-Quality Components:** Features premium UNION hardware, including Grade 13 hinges, a CE3F door closer, and a secure 6-pin cylinder.
- **Fully Certified:** CE marked and Certifire approved components ensure peace of mind and compliance with UK building regulations.
- **Durable Construction:** Components are cycle-tested up to 200,000 cycles (500,000 for the closer) to ensure long-lasting performance in high-traffic areas.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
