Specification Summary

Brand	Union
Product type	Accessory

Product Description

The UNION DY2954 Rebate Set is a high-quality accessory designed to allow standard mortice deadlocks to be fitted to a pair of rebated double or French timber doors. This kit is specifically engineered to suit Union 2134 and 2134E mortice deadlocks, as well as Yale PM562 deadlocks, accommodating both 14mm and 20mm bolt sizes.

By bridging the gap on rebated doors, this rebate set ensures that your deadlock functions correctly and remains secure. It is fully reversible, meaning it can be installed on either left or right-handed doors.

This rebate set is available in multiple finishes, including Polished Lacquered Brass and Satin Chrome, to match your existing door hardware. Please select your preferred finish and barcode option from the choices below.

Technical Specifications

- **Brand:** Union
- **Manufacturer Reference:** DY2954 (Y2954)
- **Rebate Size:** 13mm (0.5")
- **Compatibility:** Union 2134 & 2134E deadlocks, Yale PM562 deadlocks

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
