Product Description

The UNION J37651 Universal Facility Furniture Set is a surface-mounted, non-handed indicator lock set designed specifically for toilet and bathroom doors where ease of use is a priority. This universal set is ideal for commercial and public facilities, helping operators meet their duties under the Equality Act while satisfying the recommendations of BS EN 8300 and Approved Document M (ADM).

Constructed from durable aluminium with an anodised silver finish, the set features black plastic moulded end caps and a unique Touch Clean anti-bacterial coating to promote hygiene in high-traffic environments. It is designed for straightforward installation with bolt-through fixings, allowing it to be mounted directly onto cubicles or flush panel doors. The exterior handle pull offers versatile positioning and can be fitted at 90, 180, 270, or 360 degrees to suit specific layout requirements.

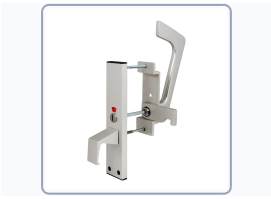

Technical Specifications

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
