Specification Summary

Brand	Union
Product type	Cylinder - Oval

Product Description

The UNION L2041 Horizontal Oval Sashcase is a premium-quality, UK-manufactured horizontal mortice lock case designed to be operated by an oval profile cylinder. This robust lock case is an excellent choice for both residential and commercial doors, offering reliable security and smooth, long-lasting operation.

Featuring a reversible latch bolt, this sashcase can be easily adjusted to suit both left and right-handed doors. The latch bolt is operated by a knob or sprung lever handle from either side, and the lock case is pierced to accept bolt-through door furniture. For added safety, it is EN1634-1 approved for use on 60-minute timber fire doors and comes backed by a 10-year manufacturer's guarantee.

This horizontal sashcase is available in multiple finishes, including Polished Brass and Satin Chrome, with corresponding manufacturer references (L2041 or L2401). Please select your preferred finish and specification from the options below.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
