Specification Summary

Brand	Union
Product type	Cylinder - Euro & Oval

Product Description

The UNION L2170 Euro / Oval Deadcase (part of the heavy-duty 2D2 Series) is a robust, UK-manufactured mortice deadlock case designed for high-traffic environments. This architectural-grade deadcase is pierced to accept both Euro profile and Oval profile cylinders, offering exceptional versatility for commercial and residential timber doors.

Engineered for durability, the lock features a solid brass deadbolt reinforced with hardened steel rollers to resist sawing attacks, providing a secure 21mm extended throw. The steel case is finished in a gold powder coat, complemented by a high-quality satin chrome forend and striking plate.

Please note that this is a **case-only** product; cylinders are not included and must be purchased separately. It is suitable for both left and right-hand hinged doors.

Technical Specifications

- **Brand:** Union
- **Manufacturer Reference:** L2170 (L9910)
- **Case Depth:** 94mm
- **Backset:** 60mm
- **Case Height:** 165mm
- **Forend Length:** 234mm
- **Forend Width:** 27mm
- **Forend Finish:** Satin Chrome
- **Case Finish:** Gold
- **Mechanism:** Euro / Oval Cylinder (not included)

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
