## Product Description

The UNION L2249 Euro Sashcase is a high-quality, UK-manufactured mortice sashlock case designed for use with a Euro profile cylinder (sold separately). Ideal for timber doors hinged on either the left or right, this lockcase features a reversible latch bolt that can be easily adapted to suit your door's handing.

The latch bolt is operated by a sprung lever handle from either side, and the case is pierced to accept bolt-through door furniture. The deadbolt provides reliable security, thrown and withdrawn by the Euro cylinder.

This sashlock case is available in a choice of finishes, including Polished Lacquered Brass and Satin Chrome, to match your existing door hardware. It also comes in two sizes with backsets of either 44.5mm (65mm case depth) or 57mm (77.5mm case depth). Please select your preferred finish, backset, and case depth from the options below to find the perfect fit for your door.

## Brand Profile

Union

**UNION** is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

**What UNION is known for:**

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
