Product Description

The UNION L2370 Euro / Oval Nightlatch Case is a heavy-duty, dual-profile mortice nightlatch designed for high-traffic commercial and residential environments. This versatile lock case is uniquely engineered to accommodate both Euro profile and Oval profile cylinders, providing excellent flexibility for your door hardware configuration.

For enhanced security, the L2370 features an anti-thrust bolt that automatically deadlocks the latchbolt as soon as the door is closed, protecting against unauthorised manipulation. The case is pierced to accept bolt-through door furniture and features a heavy-duty one-way action follower, making it ideal for use with unsprung lever handles.

Brand Profile

Union

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
