Specification Summary

Brand	Willenhall Locks
Product type	Cylinder - Euro

Product Description

The Willenhall Locks EP1 Euro Sashcase is a compact and reliable mortice lock case, specifically designed for narrow-stile doors, such as glazed and French doors. With a slim 50mm case depth and a 32mm backset, this sashcase is the ideal solution where space within the door profile is limited.

Featuring a standard sashlock operation, the deadbolt is operated by a Euro profile cylinder, while the latchbolt is operated by a lever handle. The latchbolt is fully reversible, allowing for easy handing on both left and right-opening doors. To reverse the latch, simply remove the case lid, flip the latchbolt, and reassemble.

Finished in Satin Anodised Aluminium (SAA), this sashcase offers a clean, modern aesthetic that blends seamlessly with contemporary door hardware.

Please note: The Euro cylinder and strike plate are not included and must be purchased separately.

Technical Specifications

- **Brand:** Willenhall Locks
- **Manufacturer Reference:** EP1
- **Finish:** Satin Anodised Aluminium (SAA)
- **Backset:** 32mm
- **Centres:** 48mm
- **Case Depth:** 50mm

Brand Profile

Willenhall Locks

Willenhall Locks is a trade-familiar UK lock brand built around the classic **mortice lock** lineup: **5-lever deadlocks**, **sashlocks**, and a handful of **specialist cases** for awkward door types (plus some gate kit). The branding leans into Willenhall's identity as the historic heartland of British lockmaking, and retailers commonly describe the range as being supplied for **50+ years**.

What you typically see under the Willenhall name:

- **Mortice deadlocks & sashlocks** (often 5-lever) for domestic/commercial doors.
- **Narrow-stile / euro sashcases** for glazed and French doors (e.g. the **EP1 Euro Sashcase**, which is explicitly pitched as a narrow-stile solution).
- **Gate locks** using **hook bolt** formats (Aldridge lists models like **G10 / G14 / G17** as 5-lever gate locks).
- Some sellers also group in **slamlock**-type products under the Willenhall label (auto-locking on close—great for security, occasionally *too* great if you enjoy being locked out of your own life).
