Product type	5 Lever

Product Description

The Willenhall Locks M1C is a robust 5-lever mortice deadlock designed to provide reliable security for timber doors. Featuring a slightly larger case than standard mortice locks, it is an ideal choice for retrofitting or replacing older lock models.

This lock is supplied keyed to differ and comes complete with three keys, as well as matching polished brass escutcheons for a clean, professional finish. It features a durable blue-finished case with a polished brass forend and strike plate.

The M1C deadlock is available in two sizes: a 67mm case depth with a 40mm backset, or an 80mm case depth with a 53mm backset. Please select your preferred case depth and backset from the options below to ensure the correct fit for your door.

Brand Profile

Willenhall Locks

Willenhall Locks is a trade-familiar UK lock brand built around the classic **mortice lock** lineup: **5-lever deadlocks**, **sashlocks**, and a handful of **specialist cases** for awkward door types (plus some gate kit). The branding leans into Willenhall's identity as the historic heartland of British lockmaking, and retailers commonly describe the range as being supplied for **50+ years**.

What you typically see under the Willenhall name:

- **Mortice deadlocks & sashlocks** (often 5-lever) for domestic/commercial doors.
- **Narrow-stile / euro sashcases** for glazed and French doors (e.g. the **EP1 Euro Sashcase**, which is explicitly pitched as a narrow-stile solution).
- **Gate locks** using **hook bolt** formats (Aldridge lists models like **G10 / G14 / G17** as 5-lever gate locks).
- Some sellers also group in **slamlock**-type products under the Willenhall label (auto-locking on close—great for security, occasionally *too* great if you enjoy being locked out of your own life).
