Specification Summary

Brand	Willenhall Locks
Product type	5 Lever

Product Description

The Willenhall Locks M5 5-Lever Mortice Deadlock is a reliable, high-quality security solution designed for timber doors. Supplied master keyed as standard, this robust lock comes complete with two keys and matching escutcheons to provide a clean, professional finish upon installation.

With a 44mm backset and a compact 64mm case depth, this deadlock is highly versatile and suitable for a variety of domestic and commercial applications. The lock features a fully reversible design, allowing it to be easily configured for both left and right-handed doors. It is finished with a polished brass forend and strike plate, complementing traditional and modern door hardware alike.

Additional differs and keying options, such as keyed alike (KA), are available on special order to suit larger master key suites or specific security requirements.

Brand Profile

Willenhall Locks

Willenhall Locks is a trade-familiar UK lock brand built around the classic **mortice lock** lineup: **5-lever deadlocks**, **sashlocks**, and a handful of **specialist cases** for awkward door types (plus some gate kit). The branding leans into Willenhall's identity as the historic heartland of British lockmaking, and retailers commonly describe the range as being supplied for **50+ years**.

What you typically see under the Willenhall name:

- **Mortice deadlocks & sashlocks** (often 5-lever) for domestic/commercial doors.
- **Narrow-stile / euro sashcases** for glazed and French doors (e.g. the **EP1 Euro Sashcase**, which is explicitly pitched as a narrow-stile solution).
- **Gate locks** using **hook bolt** formats (Aldridge lists models like **G10 / G14 / G17** as 5-lever gate locks).
- Some sellers also group in **slamlock**-type products under the Willenhall label (auto-locking on close—great for security, occasionally *too* great if you enjoy being locked out of your own life).
