Specification Summary

Brand	Willenhall Locks
Product type	5 Lever

Product Description

The Willenhall Locks M5 5 Lever Sashlock is a reliable and durable mortice lock designed for timber doors. It features a deadbolt that is locked or unlocked by key from either side, alongside a latchbolt operated by a lever handle from either side. This lock is fully reversible, making it suitable for both left and right-handed doors.

To suit a variety of installations, this sashlock is available in multiple configurations. Customers can choose between a 44mm or 57mm backset (with corresponding case depths of 64mm or 75mm), and finishes in Polished Brass or Satin Chrome. It is also available as Keyed to Differ or Master Keyed. Please select your required backset, finish, and keying options from the choices below.

The lock case is pierced to accept bolt-through door furniture, allowing for a secure and clean handle installation, and is supplied with 2 keys as standard.

Brand Profile

Willenhall Locks

Willenhall Locks is a trade-familiar UK lock brand built around the classic **mortice lock** lineup: **5-lever deadlocks**, **sashlocks**, and a handful of **specialist cases** for awkward door types (plus some gate kit). The branding leans into Willenhall's identity as the historic heartland of British lockmaking, and retailers commonly describe the range as being supplied for **50+ years**.

What you typically see under the Willenhall name:

- **Mortice deadlocks & sashlocks** (often 5-lever) for domestic/commercial doors.
- **Narrow-stile / euro sashcases** for glazed and French doors (e.g. the **EP1 Euro Sashcase**, which is explicitly pitched as a narrow-stile solution).
- **Gate locks** using **hook bolt** formats (Aldridge lists models like **G10 / G14 / G17** as 5-lever gate locks).
- Some sellers also group in **slamlock**-type products under the Willenhall label (auto-locking on close—great for security, occasionally *too* great if you enjoy being locked out of your own life).
