Specification Summary

Brand	Willenhall Locks
Product type	Cylinder - Euro Lock Case

Product Description

The Willenhall Locks M5 Euro Deadcase (manufacturer reference EP2D) is a reliable, narrow-stile mortice deadlock case designed specifically for use on metal doors. With its compact 50mm case depth and 32mm backset, this lock case is the ideal solution for narrow-profile door frames where space is limited.

This deadcase is designed to be operated by a standard Euro profile cylinder, allowing you to select the exact cylinder security level, length, and keying requirements to suit your application. Built for longevity, it features a robust blue powder-coated steel case paired with a durable Satin Anodised Aluminium (SAA) forend.

Please note that this is a deadcase only; the Euro cylinder is not included and must be purchased separately.

Technical Specifications

- **Brand:** Willenhall Locks
- **Manufacturer Reference:** EP2D (Part Number: L5279)
- **Backset:** 32mm
- **Case Depth:** 50mm
- **Case Height:** 108mm
- **Forend Length:** 152mm
- **Forend Width:** 25mm
- **Forend Finish:** Anodised Aluminium (SAA)
- **Case Finish:** Blue
- **Mechanism:** Euro Cylinder (not included)
- **Weight:** 340g

Key Features

- **Narrow Stile Compatibility:** Specifically designed for installation in metal doors with narrow stiles.
- **Euro Cylinder Operated:** Compatible with standard Euro profile cylinders, offering flexibility in security and keying options.
- **Robust Construction:** Features a durable powder-coated steel case and a corrosion-resistant anodised aluminium forend.
- **Deadcase Only:** Supplied without a cylinder, making it perfect for replacement installations or custom lock setups.

Brand Profile

Willenhall Locks

Willenhall Locks is a trade-familiar UK lock brand built around the classic **mortice lock** lineup: **5-lever deadlocks**, **sashlocks**, and a handful of **specialist cases** for awkward door types (plus some gate kit). The branding leans into Willenhall's identity as the historic heartland of British lockmaking, and retailers commonly describe the range as being supplied for **50+ years**.

What you typically see under the Willenhall name:

- **Mortice deadlocks & sashlocks** (often 5-lever) for domestic/commercial doors.
- **Narrow-stile / euro sashcases** for glazed and French doors (e.g. the **EP1 Euro Sashcase**, which is explicitly pitched as a narrow-stile solution).
- **Gate locks** using **hook bolt** formats (Aldridge lists models like **G10 / G14 / G17** as 5-lever gate locks).
- Some sellers also group in **slamlock**-type products under the Willenhall label (auto-locking on close—great for security, occasionally *too* great if you enjoy being locked out of your own life).
