Specification Summary

Brand	Yale
Product type	Laminated

Product Description

The Yale Y127B Protector Maximum Security Laminated Padlock is designed to offer robust security for high-value outdoor items, such as garden sheds, gates, and garages. It features a hard-wearing laminated steel lock body combined with a highly cut-resistant boron shackle. To ensure reliable outdoor performance, the padlock is built with anti-corrosive internal components and has been tested up to 120 hours for corrosion resistance.

For maximum protection against physical attacks, this padlock is tested to EN 12320:2012, demonstrating excellent resistance to cutting, twisting, and pulling of the shackle. It utilizes a double ball locking mechanism for added

security and has been cycle-tested to 10,000 operations to ensure long-lasting, smooth performance.

This padlock is available in multiple sizes to suit your security requirements. Please choose from the options below to select your preferred body width (45mm or 55mm), shackle diameter (6mm or 10mm), body depth, clearances, and weight. Each padlock is supplied complete with 3 keys.

Technical Specifications

- **Body Width:** 45mm or 55mm (please choose from the options below)
- **Body Height:** 44mm or 47mm (please choose from the options below)
- **Body Depth:** 28mm or 33mm (please choose from the options below)
- **Shackle Diameter:** 6mm or 10mm (please choose from the options below)
- **Vertical Clearance:** 28mm or 30mm (please choose from the options below)
- **Horizontal Clearance:** 20mm or 22mm (please choose from the options below)
- **Weight:** 275g or 425g (please choose from the options below)
- **Material:** Steel (Laminated steel body)
- **Shackle Material:** Boron
- **Keys Supplied:** 3 keys
- **Manufacturer Reference:** Y127B/45/125/1 or Y127B/55/129/1 (please choose from the options below)
- **Barcode:** 5052847099926 or 5052847099933 (please choose from the options below)

Key Features

- **Maximum Security Design:** Hard-wearing laminated steel body with a cut-resistant boron shackle.
- **Attack Resistant:** Tested to EN 12320:2012 to ensure resistance against cutting, twisting, and pulling attacks.
- **Double Ball Locking:** Features a double ball locking mechanism for enhanced security.
- **Weather Resistant:** Anti-corrosive internal components, tested up to 120 hours for corrosion resistance, making it ideal for outdoor use.
- **Highly Durable:** Tested to 10,000 cycles for opening and closing to ensure long-term reliability.
- **Supplied with Keys:** Comes complete with 3 keys.

Brand Profile

Yale

Yale is one of the most recognisable names in locks and home security — the kind of brand that's become so default it's basically a synonym for "lock" in a lot of people's heads. The story starts with **Linus Yale** and the invention/development of the **pin-tumbler** concept that underpins a huge chunk of modern lock design, then scales into mass manufacturing and global distribution through the industrial era.

Today, Yale sits in an interesting split-brain reality:

- **Outside the US & Canada**, **Yale is an ASSA ABLOY brand**, and Yale's own regional "About" pages explicitly state the brand was purchased by ASSA ABLOY in **August 2000**.
- **In the US & Canada**, the **Yale and August** brands were sold off as part of antitrust remedies tied to ASSA ABLOY's Spectrum acquisition; Reuters and The Verge both describe Yale being retained by ASSA ABLOY outside North America, while the US/Canada Yale brand moved to **Fortune Brands Innovations**.

Product-wise, Yale spans the whole spectrum from **classic mechanical cylinders and door hardware** through to **smart locks and connected access** under the Yale Home umbrella. A key modern milestone was ASSA ABLOY's acquisition of **August Home** (completed in **December 2017**), which fed into the broader "smart access" push around app-based entry and connected ecosystems.
