Specification Summary

Brand	Yale
Product type	Non Deadlocking

Product Description

The Yale 77 and 706 Non-Deadlocking Traditional Nightlatches are iconic rim locks, widely recognised as the original Yale lock. Offering standard security, these classic nightlatches are ideal for timber or glass-panelled doors and are typically paired with a mortice deadlock on external doors for enhanced security.

This versatile range is available in multiple configurations to suit your specific door requirements. Choose between the standard 60mm backset (Yale 77) or the narrow 40mm backset (Yale 706), which is perfect for narrow stile doors. You can also select from a variety of durable case finishes, including Brasslux, Chrome Plated, and Nickel Bronze Enamelled, alongside matching cylinder finishes like Chrome Plated, Polished Brass, and Satin Chrome. Please choose your preferred size, finishes, and packaging options from the selection below.

Designed for convenience, the nightlatch features an internal snib button that allows you to temporarily hold the latchbolt back or deadlock it internally for overnight security. The latchbolt is easily reversible on-site, making it suitable for both left and right-handed inward-opening doors up to 57mm thick.

Technical Specifications

- **Brand:** Yale
- **Backset:** 40mm or 60mm (please choose from the options below)
- **Door Thickness:** Fits doors up to 57mm thick
- **Cylinder System:** Yale 5-pin cylinder (where cylinder is supplied)
- **Handing:** Reversible latchbolt for left or right-handed doors
- **Case Finish:** Brasslux, Chrome Plated, or Nickel Bronze Enamelled (please choose from the options below)
- **Cylinder Finish:** Chrome Plated, Polished Brass, or Satin Chrome (please choose from the options below)
- **Packaging:** Boxed or Visi (please choose from the options below)
- **Weight:** 440g - 610g (depending on variant)
- **Keys Supplied:** 2 keys (with cylinder-included variants)

Key Features

- **The Original Yale Lock:** Classic, trusted rim nightlatch design suitable for traditional and modern homes alike.
- **Snib Function:** Internal snib button allows the latch to be held back (withdrawn) or deadlocked internally.
- **Reversible Latchbolt:** Easily reversible on-site to suit both left and right-handed inward-opening doors.
- **Flexible Sizing:** Available in 40mm and 60mm backsets to accommodate narrow and standard door stiles.
- **Standard Security:** Reliable everyday security, backed by a 2-year manufacturer's guarantee.

Brand Profile

Yale

Yale is one of the most recognisable names in locks and home security — the kind of brand that's become so default it's basically a synonym for "lock" in a lot of people's heads. The story starts with **Linus Yale** and the invention/development of the **pin-tumbler** concept that underpins a huge chunk of modern lock design, then scales into mass manufacturing and global distribution through the industrial era.

Today, Yale sits in an interesting split-brain reality:

- **Outside the US & Canada**, **Yale is an ASSA ABLOY brand**, and Yale's own regional "About" pages explicitly state the brand was purchased by ASSA ABLOY in **August 2000**.
- **In the US & Canada**, the **Yale and August** brands were sold off as part of antitrust remedies tied to ASSA ABLOY's Spectrum acquisition; Reuters and The Verge both describe Yale being retained by ASSA ABLOY outside North America, while the US/Canada Yale brand moved to **Fortune Brands Innovations**.

Product-wise, Yale spans the whole spectrum from **classic mechanical cylinders and door hardware** through to **smart locks and connected access** under the Yale Home umbrella. A key modern milestone was ASSA ABLOY's acquisition of **August Home** (completed in **December 2017**), which fed into the broader "smart access" push around app-based entry and connected ecosystems.
