Specification Summary

Brand	Yale
Product type	Cylinder Pull

Product Description

The Yale High Security Cylinder Pull is designed specifically to suit the Lockmaster KeyTurn series of multipoint locks, combining traditional townhouse aesthetics with robust modern security. This high-security pull is ideal for timber and composite doors, offering an elegant yet highly protective solution for your home.

Engineered to withstand both physical attacks and harsh weather, this cylinder pull features a sacrificial breakpoint that defends against common forced entry methods. It has been rigorously tested to BS EN 1670 Grade 5, surviving 500 hours of corrosion testing, which makes it exceptionally well-suited for coastal or highly polluted areas. When fitted as part of a PAS 24 doorset, this TS007 2-star accredited cylinder pull meets the requirements of Approved Document Q.

This cylinder pull is available in a choice of stylish finishes, including Polished Brass, Polished Chrome, and Satin Chrome. Please select your preferred finish, barcode, and manufacturer reference from the options below. Please note that this product is supplied without a cylinder.

Technical Specifications

- **Brand:** Yale
- **Screw Centres:** 38mm
- **Standards:** TS 007:2011 / TS 007:2012 (2 Star), BS EN 1670:2007 Grade 5
- **Corrosion Resistance:** 500 hours neutral salt spray testing (Grade 5)
- **Compatibility:** Designed to suit Lockmaster KeyTurn multipoint locks
- **Door Type:** Timber and composite doors
- **Weight:** 200g
- **Guarantee:** 10-year mechanical guarantee

Key Features

- **TS007 2-Star Accredited:** Offers high-level security protection against common attack methods.
- **Sacrificial Breakpoint:** Designed to snap under attack to protect the lock cylinder from being compromised.
- **Weather Resistant:** Grade 5 corrosion resistance makes it ideal for coastal and polluted environments.
- **Document Q Approved:** Meets building regulations when installed as part of a PAS 24 doorset.
- **Classic Townhouse Aesthetic:** Combines traditional style with modern multipoint locking security.
- **Multiple Finishes Available:** Choose from Polished Brass, Polished Chrome, or Satin Chrome to match your door hardware.

Brand Profile

Yale

Yale is one of the most recognisable names in locks and home security — the kind of brand that's become so default it's basically a synonym for "lock" in a lot of people's heads. The story starts with **Linus Yale** and the invention/development of the **pin-tumbler** concept that underpins a huge chunk of modern lock design, then scales into mass manufacturing and global distribution through the industrial era.

Today, Yale sits in an interesting split-brain reality:

- **Outside the US & Canada**, **Yale is an ASSA ABLOY brand**, and Yale's own regional "About" pages explicitly state the brand was purchased by ASSA ABLOY in **August 2000**.
- **In the US & Canada**, the **Yale and August** brands were sold off as part of antitrust remedies tied to ASSA ABLOY's Spectrum acquisition; Reuters and The Verge both describe Yale being retained by ASSA ABLOY outside North America, while the US/Canada Yale brand moved to **Fortune Brands Innovations**.

Product-wise, Yale spans the whole spectrum from **classic mechanical cylinders and door hardware** through to **smart locks and connected access** under the Yale Home umbrella. A key modern milestone was ASSA ABLOY's acquisition of **August Home** (completed in **December 2017**), which fed into the broader "smart access" push around app-based entry and connected ecosystems.
